

Smash it like Phinny Covid Protection Policy 2022

Our Covid 22 Protective Measures

We value the health and well-being of all people within our community.

Hence, we take the following precautions:

We adhere to the current protective measures of the Federal Government & of the Swiss Tennis Association Swiss Tennis.

We keep our distance before, during, and after the lessons.

We make sure that all participants maintain enough distance throughout the lesson.

We stay at home if we don't feel well.

We disinfect the hands of all participants before & after the training.

We disinfect all the equipment before & after every training.

We wear masks before & after training, and during training, if a participant requests to do so.

For positive tested Covid cases, we inform the groups/individuals immediately.

Both trainers, Seraphine Buchmann & Jasmin Lanker are 2 G+.

If you have any other concerns, please contact us.

Together we are strong!
