

Code of Conduct

It is important to us that our lessons, training sessions, events, and interactions take place in a safe, respectful, and violence-free environment. The children entrusted to us are at the center of our focus.

These guidelines define the values and rules that everyone in the club should live by and adhere to, ensuring that everyone can feel comfortable.

The same rules apply to everyone, regardless of age or function.

We behave on and off the court in a sporting and fair manner towards teammates, opponents, referees, and all present individuals. This way, we positively represent our club outwardly.

In addition to sports training, we place great emphasis on personal development and good interpersonal relationships. We treat others as we wish to be treated ourselves: with respect and decency. We do not tolerate any form of violence, discrimination, abuse, or sexual harassment, whether physical or verbal. We address problems and seek solutions together.

We respect our physical and mental health, refrain from using prohibited substances (doping), and prevent addiction risks (alcohol, nicotine, and drug abuse).

We handle the equipment provided by the club with care. We leave every area as we would like to find it. We maintain a responsible approach to nature.

Instructions and decisions of referees, coaches, and supervisors are accepted by players and parents.

I appreciate being part of TC Waidberg and contribute my part through my behavior.
